Walnuts & Sultanas in Pure Cherry Jelly - Condiment.

Now Served on the Cheese Board at Elenore's Restaurant -
Chateau Yering. Just Voted National Fine Dining
Restaurant of the Year 2011

This Condiment has a long history, as it can be found in various forms as a "sweetmeat" right back to Roman times. The slight bitterness of lightly roasted walnuts, combined with the sweetness of Australian sultanas, mixes with the unique flavour of the Pure Cherry Juice from *Wild about Fruit* in the Yarra Valley to make an exquisite accompaniment for a wide variety of foods.

- Our recipe uses only 2.4 kilos of sugar per 6 kilo mix, meaning it can be classed as Lower Sugar.
- In reformulating to provide a modern version of this classic sweetmeat, we have also called upon our historic family recipes dating back to 1795.

All our products are hand made and hand bottled.

Serving Suggestions.

1. On the Cheese Board, complements all cheeses.
2. An accompaniment to all meats (including beef, pork, lamb, venison) as well as chicken, turkey, duck & most types of fish, as is the custom in much of Europe (especially in Germany and Eastern Europe).
3. As a luxurious flavouring for vanilla ice-cream: Mix one jar through one litre of slightly softened ice-cream - refreeze and serve. Alternatively, serve ice-cream topped with our condiment as a lusciously rich sauce.
4. Eat as a breakfast marmalade on toast.
5. Spread thickly on hot buttered scones, waffles or pancakes, served with double cream and/or ice-cream.
6. Add to cakes and desserts as a topping or filling - gives a new dimension to favourites such as: Pavlova, Queen of Puddings, Parfaits, Victoria Sponge, Luxury Lamingtons, old-fashioned steamed puddings and jam tarts.
